-

Employment History

Founder – First Global Frontier (2023 – 2024)

- Developed business strategy, financial planning, and cross-cultural negotiation skills in English. Completed a Diploma in Entrepreneurship at Los Andes in parallel to my undergraduate studies, using this business venture.

Short Term Consultant – World Bank (2026)

- Conducted systematic verification of empirical claims and statistics in various chapters of the Human Capital Review 2025 report for Colombia, using internal data.

a2censo Intern Product (Fintech) – Bolsa de Valores de Colombia (bvc) – Nuam (2026-2027)

- Supported innovation and growth initiatives through data analysis, market research, and customer feedback insights to optimize platform adoption and profitability. Contributed to the design, adoption, and implementation of AI-powered tools to streamline internal processes and enhance operational efficiency.
-

Projects (Visit my webpage to learn more about these!)

- Developed a macroeconomic forecasting pipeline for ten variables using 24-month walk-forward validation, achieving the best exchange rate (USD/COP) forecast of the round with a 0.55% error.
-
